streets, Philadelphia.
Respected Sir—I take pleasure in adding my
testimony to that of the many others who have
been cured by the efficacy of Schenek's Palimonic
Syrup, Sea Weed Tonic, and Mandrake Pills,
Consumption has been hereditary with my
family, most of its members having died of it at
early ages. My mother and three bothers died
at the age of 31, one brother at 27, and my sister
at 18. at 13.

I was, when about 31 years, seized with liver complaint, which rapidly developed into Pulmorary Consumption. I was compeled to relinquish my employment (that of a blacksmith.)

I consulted skillful and eminent physicians. I remailed skilini and eminent physicians, and tried many patent nostrums, but without success so that my friends were sure that there was no dope of my recovery, for I was reduced from 1d pounds to 194, and we se not able to do anything without assistance.

By what I now look upon as a Providential interposition, I was induced to try your remedies, and place myself under your treatment, and so rapid and thorough was my recovery, that it seemed as though some superhuman power was at work, and to-day I am as well as at any time during my life. I weigh 152 pounds, am 3d years old and for some time lave been regularly attending to my business, bidding fair to live to a good old age.

I am thankful to you beyond expression for naving placed me in a position wherein I am a benefit instead of a burden to my family.

Your Mantrake Pills are the only medicine I ever use now. I think they are the best in the world.

I can refer you to hundreds of my neighbors who will verify an I have written, and any information any of my fellow cligens may desire will be freely and gladly given, upon receipt of stamp, by Yours, etc.
